Project
Justification

6.6% of the population is unemployed and 20.1% of them are living below the poverty line.
The mosque is being required in the region
To provide a worshipping together opportunity to locals by constructing mosque and masjid

Purpose of
the project

To make our sisters and brothers have a place of worship who couldn't build mosques or masjids because of impossibilities caused by wars, migrations, and disasters.
To make residents have training Quran and other Islamic sciences off-hours of prayer times.
To consolidate the feeling of brotherhood and solidarity in the society
